[10 State Expanded ESA Assessment fgj.docx](#)

I've attached the revised ESA and the combined species list for the 10 states.

Best,
Garrett

Hey Meghan,

Attached is a list of the species present in those 10 states.

Let me know if there's anything else I can help out with.

Best,

Garrett

Hi Garrett,

Exemption 5 Deliberative Process

Note, there are a couple of worksheets. Please look at both.

Let us know if you have any questions. If you could get this done by COB tomorrow (Wednesday), we'd appreciate it.

Thanks!

Meghan

Can I get a little help sorting the species into a list for the 10 states???? If I can get someone to do that...I will make changes to document...

The attached spreadsheet may help... you can sort out the states you assessed previously. There may be some overlap between the species in the soy worksheet and the species in the cotton worksheet.

Sorry I don't have anything cleaner!

Hi Ed,

I reviewed the document and made a lot of edits and comments. A lot of it was cleaning up small stuff (i.e., having species names in italics). There are some more substantive comments too though, so please take a look at everything.

Please let me or Sujatha know if you have any questions.

Thanks for all your hard work to date on this!!!!

I have incorporated comments from Sujatha and Kris. My position on the LPC has not changed and I have incorporated additional documentation to support.

Should this be nearing a final I will need a DP code for the action.
